PROFESSIONAL SUMMARY

Creative Strategist and content creator who translates complex ideas into engaging stories that audiences act on. Founder of @aieasyjob — a Cantonese AI-education content brand across YouTube, Instagram and Facebook that turns technical AI topics into accessible, story-first video and carousel content, with a single Facebook video reaching 60,000+ organic views and content converting directly into paying B2B clients (HK\$13,800/month packages). Backed by 7+ years of commercial creative and performance marketing (HK\$3M+ spend, 3–10x ROAS) and a 200+ KOL community programme — storytelling that is accountable to conversion data, not just reach. Trilingual: Cantonese, English, Mandarin.

PROFESSIONAL EXPERIENCE

Founder, Creator & Community Builder — @aieasyjob (YouTube · Instagram · Facebook)

2024 – Present | Hong Kong (Global Audience)

- Built an AI-education content brand from zero as a solo creator — full ownership of ideation, scripting, filming, editing and publishing across YouTube long-form + Shorts (57+ videos, 84,000+ cumulative views), Instagram Reels/carousels and Facebook.
- Translated complex AI concepts (agents, automation, prompt engineering) into story-first Cantonese content for non-technical audiences — the channel's core editorial craft.
- Reached 60,000+ organic views on a single Facebook video — evidence of hook and story structure that stops the scroll without paid support.
- Built audience trust that converts: B2B consulting enquiries and proposals at HK\$13,800/month generated directly from content.
- Developed a repeatable story architecture — hook → tension → payoff → CTA — tested weekly against retention and engagement analytics.
